Go to the Review interface to see a summary

1. Select the start and end date

2. Click Search to confirm

The software will automatically load the data for the selected patient into a summary

Go to the Review interface to see a summary of the time interval

1. Click on the "Set Charts" button to set the parameters with your order

iMatrix PC Software – Patient Data Graph Configuration

Go to the Review interface to see a summary of the time interval

- 1. Select parameter from the left column
- 2. Click Add to add in the right colum
- 3. Click Set to set the parameter view in order
- 4. Delete the item from the right column by clicking on the "delete" button

iMatrix PC Software – Revised Graph Display

When completed, Click "save" and the chart will display the data per your configuration

iMatrix PC Software – Data Display

Select bar and the detailed data will be displayed

iMatrix PC Software – Data Display

Use a dot or bar, to Display the AHI value

iMatrix PC Software - Data Display

Use a point or pressure bar, to read the pressure values. P95% is the highest pressure a patient uses during sleep.

Review the daily information in the interface "detail"

Go to the Review interface to see a summary of the time interval

The chart will be displayed as selected
